We wish to thank our many customers for their cards, letters and orders during the past years and we hope it will be possible for us to serve you again this year.

### REGION 13 CONVENTION

The Region 13 Convention will be in Wenatchee May 18 and 19. Do plan to attend. We have seedlings and guest iris from several hybridizers, in addition to our many seedlings. Most of the guests are in row "H", or the top of the rows. Iris, new to our garden, are in rows "C" through "J" — all on 1-year plants. Recent introductions, on 2-year plants, are in rows 1 through 7. Most cheaper iris are in rows 13 through 21. Help us select our best seedlings.

### TERMS

**CASH** with order, please, as we have no bookkeeper. Please add 50c postage on all orders under \$5.00.

### STOCK REDUCING SALE

We plan to cut our garden to a few of the best iris for hybridizing and our own introductions; so we offer you these savings:

**ONE THIRD CASH DISCOUNT** on all orders over \$6.00. **ONE THIRD EXTRA IRIS** on smaller orders. Please, list several extras. An extra **BONUS IRIS** on all orders received before June 20. "\*" varieties are not given as extras.

Iris marked "Net" have no cash discount but you may choose extra iris not "\*" varieties.

**SALES TAX**—Washington residents, please add 3 1/3%.

**WHOLESALE**—40% on all but "Net" varieties. We would like to contact a grower who would take our newer excess iris each year. Please use letterhead or show proof of your status. (Ask us about older iris).

**SHIPPING**—July through September.

**GUARANTEE**—All rhizomes are healthy, top quality and true to name on the label. If you are not completely satisfied, please, notify us at once.

### JOIN THE AMERICAN IRIS SOCIETY

Memberships are as follows:

**1 year \$5.00**

**3 years \$12.50**

If you are a new member or if you haven't belonged for 2 years, join through us, and we will give you equal value in iris, FREE. Make check payable to the American Iris Society.

### NOYD'S 1957 INTRODUCTIONS

Row

- I APPLE CAPITAL—M to VL**—A lovely rich deep red, with ruffling and good branching. The foliage is small and has some red at the base. This is an eye catcher. A good addition to the red class. Casa Morena X Plough's ruffled red seedling) .....Net 25.00
- E CENTER GLOW—M to L—32"**—This fragrant lightly ruffled cream self has a glowing haft of peachy apricot. The beard is tangerine and the plant is a strong grower. Pink Mauve Mohr X (Midwest Gem x New Horizon) ..... 15.00
- E LACY ORCHID—M—30"**—A beautifully laced and ruffled pink-orchid self with rosy tan shoulders and a tangerine beard. A fine addition to the orchid class. Plough's Prairie Sunset x Cigarette) X Pink Sensation ..... 15.00
- E LEMON MERINGUE—M-VL—29"**—A very contrasty lemon and white iris with laced edges and ruffles. Large white area on the falls and the edges are lemon yellow. The standards are very stiff but slightly open. The stalk is very sturdy and well branched. A fine grower. (Midwest Gem x New Horizon) X Song of Songs ..... 15.00
- E SUN FESTIVAL—M to VL—35"**—Beautifully ruffled and laced fragrant yellow and white flower on a very heavy well branched stalk. The lower branch also branches. This iris is named in honor of the annual Sun Festival in the Columbia Basin. The standards are light yellow and are domed. The falls have area of white and the edge is the same as the standards. A fine grower. 5-way branching. Sister to lemon Meringue .....Net 20.00
- E SEVENTEEN—M—33"**—A beautiful deeper pink self with a tangerine beard and all petals are serated. It reminds me of a seventeen-year-old girl in a pink party dress. It might be useful in breeding pink amoenas as it is a sister to Pin Up Girl.....Net 15.00

I have named the following iris. N5-36—Lake Chelan; N5-34—Striped Butterfly; N6-16—Royalty Velvet. Let me know how you like them.

#### HYBRIDIZER'S DREAM

When iris season rolls around  
 Hope runs extremely high.  
 What will the seedling, patch reveal?  
 What will the public buy?  
 That "red" one's looking mighty fine.  
 The pinks hold promise, too.  
 Oh, why can't I be the hybridizer  
 To produce one red, white and blue?
